Ask a Mentor & Mentoring For Success Programs

Your NACM has established the **Ask a Mentor and Mentoring for Success Programs**. The goal of the Ask a Mentor program is to make available fast, informal credit and financial information to all members, via a web site and email. The *Ask a Mentor Program* has already assisted many members and has been deemed a success. The goal of the Mentoring for Success Program is to make available to members the names and contact information of individuals who've volunteered to mentor on a one-on-one basis. You may elect to volunteer for one or both of the programs. Please visit nacmbcs.org so you can see for yourself how this great service works. The site lists a wide range of credit and financial topics along with the names and contact information of those who have volunteered to share their knowledge in the areas listed below.

Please take a moment to review the following list of topics and make a commitment to share your knowledge! The time requirements are minimal, the benefits immense. If you'd like to be included in this valuable program, please check your areas of interest and return to the attention of Karen Parks. Thank you for your assistance!
